ROYAL PALACE THAI Restaurant

Welcome to the ROYAL PALACE
YOUR DESTINATION FOR A TRUE THAI CUISINE

After spending many years in the food service industry in Thailand, the Damrong family has brought the authentic tastes and delicious recipes of Thailand to America. RPT, established here in the Tampa for over 20 years.

For those not too familiar with Thai food, here is a brief introduction. The food of Thailand has a strong influence from the Chinese and Indian cultures. Thai food is prepared using tantalizing combinations of herbs and spices. This makes for a magnificent combination of tastes and aroma. Although many feel Thai food is simply hot and spicy, there is much more to it than that. While some entrees can be hot and spicy, using peppers and chilies, many of the dishes here at RPT are quite mild with no spiness at all.

Our special recipes and combination of ingredients are just a part of a mending and balancing of flavors of three to four fundamental taste senses: sour, sweet, salty, and bitter bringing an enjoyable and pleasurable sensation of taste that lingers long after the meal is over.

Thai food is not only delicious but well known for its healthy aspects. Many of the herbs and spices used in Thai food are also used in medicines and health remedies. While some in the Thai culture believe a healthy meal consists of rice, meat, poultry or seafood, others believe a vegetarian meal is the path to a healthy diet. At RPT we offer you the most delicious and popular dishes to satisfy whatever diet choice you follow. RPT offers you the widest and most diverse selection of Thai Cuisine in the area.

We now invite you to experience the authentic, aromatic and altogether delicious taste of Thai cuisine exclusive only to “ROYAL PALACE”.
